

Adobe Mountain Wildlife Center Auxiliary

SPONSOR-A-WILD-ONE

The Sponsor-A-Wild-One program is designed to encourage public awareness of Arizona native wildlife as they receive care and rehabilitation at Adobe Mountain Wildlife Center.

Throughout the year, Adobe Mountain Wildlife Center provides care for over one thousand sick, injured or orphaned members of Arizona's wildlife, including birds, mammals and reptiles. Some of these animals stay only briefly before they are released back into the wild, but many need extended veterinary treatment and recuperative care.

Red-Tailed Hawk

Bobcat

The non-releasable animals that reside at the Center become Adobe Mountain Wildlife Center Ambassadors and are members of our outreach education program.

Your participation in this program allows you the opportunity to provide an Adobe Ambassador a healthy and purposeful life as we reach out to the public through education.

Your contribution goes directly towards the care of these animals and is tax-deductible.

CHOOSE YOUR LEVEL OF SPONSORSHIP

Multiple sponsorships are welcomed

\$100 Sponsorship
