

Wildlife Center Match Forms Volunteers

ALL volunteers are asked to record every expense personally made on behalf of the Wildlife Center. Please identify the nature of the expense in the form provided. **Save all receipts for your personal tax accountant!** We need only know that we can return to you to verify the expense you have identified. Please submit a new form to Sandy each month. It is important that each form submitted be personally signed and dated by the volunteer incurring those expenses.

THANK YOU! Your assistance will greatly help us in determining how much it truly costs to operate the Wildlife Center annually.
